About Indian Economic Association

IEA is a registered body of Indian Economics Professionals, established way back in 1917, with the objective of providing a forum for debate and discussion of theoretical and policy oriented issues of Economic Science. The IEA organizes annual conferences, special seminars, and lectures by eminent persons of the profession. Thanks to the initiative taken by Charles Joseph Hamilton, then Minto Professor of Economics at Calcutta University, and a score of economists, mostly teachers, who met in Calcutta in December 1917 to deliberate on economics and economic matters and decided to meet again in Bombay in December 1918 in which IEA was launched, and executive committee formed with Percy Anstey as the Chairman. The Association is one of oldest professional learned bodies in the world. The IEA has so far organized 99 annual conferences in different parts of the country. Last 99th Conference was held at Mathura, the holy city of Lord Krishna.

Message

I am pleased to know that our University is organizing the Centenary conference of Indian Economic Association (IEA) from 27-29 December, 2017. It is a matter of pride and privilege for Jai Narain Vyas University and the Department of Economics to host the Annual Conference of prestigious Indian Economics Association. It is more remarkable, as this mega academic event is happening for the first time in the city of Sun.

I am pleased to learn that the teachers and research scholars not only from Economics Departments of the Universities and colleges in India but from other departments too, will be participating. The Department of Economics deserves all appreciation for this mega academic event.

The conference will offer a platform to the delegates to interact on various issues concerning contemporary Indian society in particular and human society in general. I am confident that the three day deliberations of the conference will culminate in relevant findings, recommendations and positive results for the benefit of scholars engaged in the field and even the Government agencies to take decisions.

I convey my heartfelt best wishes to the organizers and delegates from all parts of India and also those who have come from other countries.

I wish you all a comfortable and memorable stay in Jodhpur.

R.P. Singh

JAI NARAYAN VYAS UNIVERSITY, JODHPUR

Jai Narain Vyas University, Jodhpur was established in 1962 as University of Jodhpur. There are four Government Colleges of Jodhpur became part of the University. This is the only residential University in the State of Rajasthan, catering mainly the needs of students of western Rajasthan (The Marwar). It has 592 acre new campus. Since, this University is located in the great Indian Thar Desert, its R&D activities centered on heritage, society and challenges of the region. It imparts education and conducts research in border areas neighboring Pakistan. Jai Narain Vyas University is now a divisional university for western part of the Rajasthan.

ABOUT THE DEPARTMENT OF ECONOMICS

The Department of Economics came into existence in 1954 as one of the major department in the former S.M.K. (Govt.) College of Arts, Jodhpur. When the Jodhpur University came into existence in 1962, the department grew fairly and steadily. The department is proud of its eminent faculty members who have rendered their services in teaching and research. It has a glorious history of being headed by (Late) Prof. S.D. Derashri, (Ms) R. Padmini, Prof. Y.K. Alagh, Prof. V.S. Chitre, Prof. H.L. Upadhyay, Prof. Bhagwat Swroop, Prof. A.C. Angrish, Prof. R.L. Sharma, Dr. K.C. Mundra, Dr. (Ms) P. Bhargava, Prof. R.R. Bhakar, Prof. K.D. Swami, Prof. G.S. Chandawat, Prof. S.C. Sharma, and Dr. (Mrs.) Rekha Mehta. Presently, Dr. Madan Mohan is Head of the department of Economics. The faculty members of the department have been contributing in the academic research and have earned laurels at regional and national level. The main thrust areas of research are Tribal Development, migration, urbanization, poverty, employment, infrastructure, agriculture, women studies, human resource development, tourism development and gender studies etc.

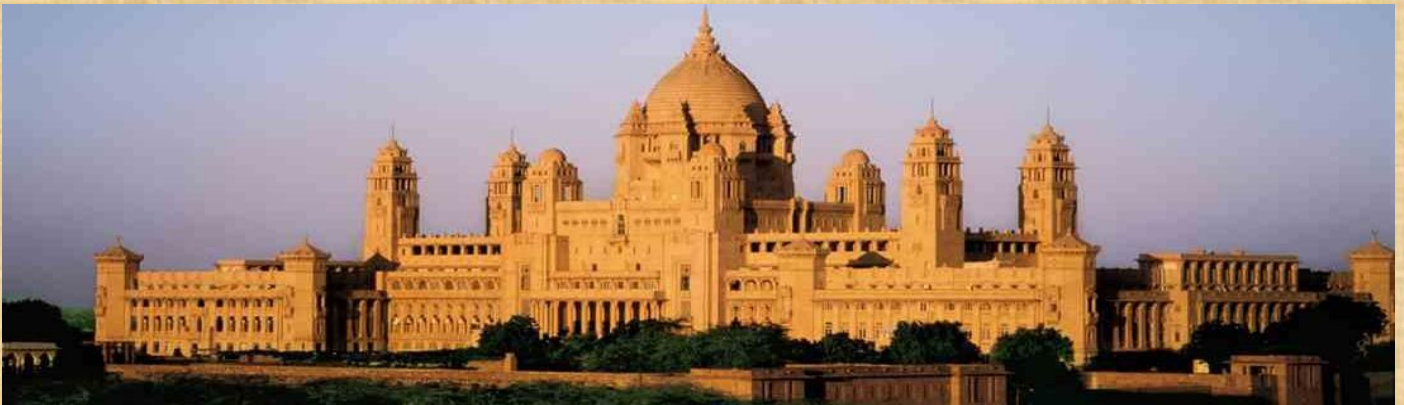

The department is successfully running the under graduate (B.A. Hons), Post Graduate and Ph. D. programs. The course content of the Economics syllabi of the department have been regularly revised to meet the NET/SLET requirement and prepares the students efficiently in various competitive examinations like civil service, banks etc. For evolving the research aptitude in the faculty members and students, national and regional seminars, conference and workshops have been organized by the department regularly. For the all-round personality development of the students, extracurricular activities are also regularly organized in the department under the aegis of planning forum where the total involvement of the students at all level is earned.

JODHPUR: 'THE SUN CITY'

The Sun City, Jodhpur was founded by Rao Jodha, a chief of the Rathore clan, in 1459. It was previously known as **Marwar**. It is the second largest city in Rajasthan. It is called **Sun City** because of its bright and sunny weather throughout the year. Even the days in winter are sunny. It is also called **Blue City** because most of the houses here are painted blue. Blue is a cool/calm color. As the sun is bright here all the year, so the houses needs to be cooled down. And, blue color keeps houses cool. Jodhpur city is divided into two parts - the old city and the new city. The old city is separated by a 10 km long wall surrounding it. Also it has eight Gates leading out of it. The new city is outside the walled city.

Jodhpur is a very popular tourist destination. The landscape is scenic and mesmerizing. The city has many beautiful palaces and forts such as Umaid Bhawan Palace, Clock Tower and markets, Kaylana Lake, Jaswant Thada, Mehrangarh Fort, Raia ka Bag Palace, Government museum and its beautiful Umaid garden.
